December brings good cheer and W!LD RICE will definitely make Singaporeans, from ages 1 to 99, cheer for joy when it stages its first musical pantomime. And what better way to kick off a pantomime tradition than with one of the world's best known and loved tales, Cinderella! A taste of a world "fairy-tale" classic, with our own twist of course lah!

For many around the world, the year-end pantomime is their first close encounter with live theatre. Filled with thrills and spills, the true magic and wonderment of a pantomime ensures its audience is trapped in rapture and captured to the theatre forever. Such is a tradition worthy of emulation. This year, W!LD RICE begins.

Cinderella! will be written and directed (with Ivan Heng) by one of Singapore's most talented actors and best comic talents, Selena Tan (Animal Farm, Ang Tau Mui and A Single Woman). With a company of established and up and coming actors and musicians, Cinderella! will be filled with song, dance and lots of comedy and interaction. Kids young and old will be rolling down the aisles yelling "Look behind you!"

With cunning humour, there will be laughter galore on all levels. W!LD RICE's Cinderella! will be perfect for the family or for a friends' screaming night out or even for that once-a-year company special. Corporate will be able to book the show for the night and host their employees and clients to a good old laugh-out-loud.

At the Jubilee Hall, we'll see Cinderella! kindle the fire of that amorous lover Prince Char Mee ... of course with a little help from the magic wand of her Fairy God Mak Cik! And in the end true love triumphs over all!

Cinderella! will certainly be a draw, with a full month's run and an anticipated audience of up to 12,000. It promises to be a magical night out for all.

A laugh a minute Pantomime that will leave you panting for more!
